Subject: OPPOSE: HB 5232

Hello,

Wanted to express my hopes that this committee votes NO on house bill 5232. Historic Districts are so important to building community, creating value and sense of place, and ultimately making neighborhoods and cities in Michigan unique and destination centers. The success of current communities who have designated historic districts proves this. The State needs to start showing it support and prove it values it's communities and constituents. Please share.

Thank you for your time,
Serene Arena
